THE VALKYRIE FAST BREAK

Valkyries Adventure Park / Valkyries, Ballhalla / Basketball-themed marble coaster

Piya Patel / Teacher: Miss.Narveson / Angled construction concept; gravity moves the marble.

Rigid base: at least 60 cm wide x 60 cm deep

THE SCIENCE

Gravity moves the marble. Peristalsis moves real food.

The marble stays whole; real food breaks down and nutrients are absorbed.

BALLHALLA BUILD SPECS

Marble: about 16 mm

Clear channel: about 3-4 cm

Funnel bore: at least 20 mm

Test joints before decorating.

No motor. No uphill sections.

1. Load a single marble.
2. Lift the release gate.
3. Catch it at the finish.
4. Return it by hand.

Funnel jams?

Use a broad descending C-turn inside stomach-shaped scenery.
